One Day National Level Seminar

On

"TISSUE ENGINEERING"

14th SEPTEMBER 2023

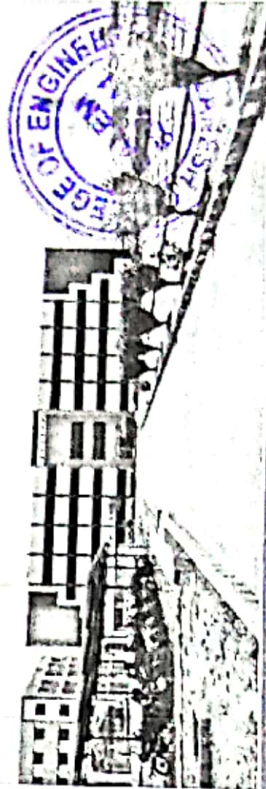

Organized by

Department of Biomedical Engineering

Ganesh College of Engineering

Approved by AICTE | Accredited by NAAC |
Affiliated to Anna University

**Attur MainRoad, Mettupatty,
Salem 636111, Tamilnadu, India.**

About the Institution

Ganesh College of Engineering was established in a well-planned campus with pollution free environment. The College were spread on a sprawling serene land and located on the Salem to Attur Main Road Mettupatti 28 Km from Namakkal, 21 Km from Salem. The College are easily accessible from all major cities by road and railway Networks.

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moulding of students.

Ganesh College of Engineering presently offers following Degree Courses

Eight Bachelor Degree courses in Engineering in the branches of Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Computer Science & Engineering, Information Technology, Artificial Intelligence and Data Science and Biomedical Engineering .

About the Department

The department has well-equipped, state-of-the-art laboratories including the Bio-medical Instrumentation Laboratory, Microbiology and biochemistry Laboratory, Diagnostic and Therapeutic Laboratory to meet the requirements of Anna University to the fullest and to enable the students in-house. Industrial training and Project training are arranged for all students to develop their practical and working knowledge. Each student is encouraged to develop innovative products on their own as part of Innovative Projects and the best are presented in intercollegiate competitions. Our students have participated in national level innovation designing contest. We also offer Value added Laboratories using latest software and also offer special programmes on communication skills and soft skills so that they are technical experts as well as confident personalities in today's competitive job market.

About the Seminar

- ❖ To understand the implications of the Preprocessing the psychological Signal Processing.
- ❖ To provide resources for caregivers to help engage with children positively and effectively
- ❖ To understand the Biomedical Signal Types.
- ❖ To Recognize signs of psychological distress needing specialized help.
- ❖ Counseling Activities and Worksheets for Children and Adolescents

Resource Persons

Dr.M.Charulatha
Professor/BME
Selvam College of Technology,
Namakkal.

Who can Attend

Faculty Members and students from AICTE approved Institutions of Engineering and Technology, Polytechnic colleges, Research Scholars, Industrialists and Post graduate students are invited to participate.

REGISTRATION DETAILS

UG / PG students: Rs.150/-

Research Scholars/ Academicians/

Industry Persons : Rs.250/-

Payment can be Made through online GPAY/

Phonepe to the Number **9791862910**

(Registration Fees Includes Refreshment and Lunch)

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moldings of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The department has well-equipped, state-of-the-art laboratories including the Bio-medical Instrumentation Laboratory, Microbiology and biochemistry Laboratory, Diagnostic and Therapeutic Laboratory to meet the requirements of Anna University to the fullest and to enable the students in-house. Industrial training and Project training are arranged for all students to develop their practical and working knowledge. Each student is encouraged to develop innovative products on their own as part of Innovative Projects and the best are presented in intercollegiate competitions. Our students have participated in national level innovation designing contest. We also offer Value added Laboratories using latest software and also offer special programmes on communication skills and soft skills so that they are technical experts as well as confident personalities in today's competitive job market.

ABOUT THE WORKSHOP

Clinical engineering is a specialty within biomedical engineering responsible for using medical technology to optimize healthcare delivery. Biomedical engineers are required to understand all modern medical technologies, as well as train, troubleshoot, and design entire clinical settings.

REGISTRATION

The interested participants can send the registration form and registration fee by DD drawn in favor of "The HOD" payable at Salem to the program Organizing Secretary on or before, 15th November 2023. Spot registration may also be permitted on prior request. Registration fee covers Seminar kit, Working lunch and Refreshments.

Category	Registration

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge. Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moldings of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The department has well-equipped, state-of-the-art laboratories including the Bio-medical Instrumentation Laboratory, Microbiology and biochemistry Laboratory, Diagnostic and Therapeutic Laboratory to meet the requirements of Anna University to the fullest and to enable the students in-house. Industrial training and Project training are arranged for all students to develop their practical and working knowledge. Each student is encouraged to develop innovative products on their own as part of Innovative Projects and the best are presented in intercollegiate competitions. Our students have participated in national level innovation designing contest. We also offer Value added Laboratories using latest software and also offer special programmes on communication skills and soft skills so that they are technical experts as well as confident personalities in today's competitive job market.

ABOUT THE SEMINAR

Everyone is aware of their five basic senses, seeing, feeling, smelling, hearing and tasting. What everyone is not so well aware of is their sixth sense, that sense of otherworldliness, a connection to something more and greater than their physical senses are able to perceive.

REGISTRATION

The interested participants can send the registration form and registration fee by DD drawn in favor of "The HOD" payable at Salem to the program Organizing Secretary on or before, 05 April 2024. Spot registration may also be permitted on prior request. Registration fee covers Seminar kit, Working lunch and Refreshments.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moulding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Civil Engineering was started in the year 2011. It is affiliated to Anna University, Chennai. The four year under graduate programme B.E. in civil is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. The students are provided with various opportunities to develop their professionalism, life-long learning skill, and team-work and communication skill. Students are encouraged to come up with their own ideas which are materialized by the department into actual projects with societal impact.

ABOUT THE SEMINAR

A seminar on "Conceptual Product Design and Development in the Current Industrial Scenario" would focus on the process of creating new product ideas, from initial concept generation to detailed design, while considering the latest trends and challenges within today's manufacturing landscape, including emerging technologies, sustainability concerns, and rapidly evolving consumer

needs; essentially, it would explore how to design innovative products that are both market-relevant and feasible to produce in the current industrial environment. The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

REPORT ON

ONE DAY SEMINAR ON CONCEPTUAL PRODUCT DESIGN AND DEVELOPMENT IN CURRENT INDUSTRIAL SCENARIO ON 18th SEP 2023

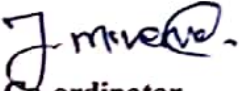

DATE: 18-09-2023

This Seminar was organized by IQAC, Ganesh college of Engineering on 18.09.2023 at 10.15 am. **Mr. K. GOKUL**, Application Engineer, Institute of Engineering Design, Salem delivered a speech on conceptual product design and development in current industrial scenario. The program was conducted for the students and faculty members to attain Technical Knowledge which helps to develop their skills.

The students participating in "CONCEPTUAL PRODUCT DESIGN AND DEVELOPMENT IN CURRENT INDUSTRIAL SCENARIO" will have the following benefits: the current industrial scenario refers to the initial, creative phase of designing a new product, where the focus is on generating innovative ideas, exploring potential solutions to a problem, and visualizing the core functionalities of a product before moving into detailed engineering and production, often utilizing digital tools and methodologies to rapidly iterate and evaluate concepts, all while considering current market trends, technological advancements, and consumer needs.

REPORT ON

ONE DAY WORKSHOP ON INNOVATE MINDS IN ENGINEERING DESIGN

The Session was started with a welcome speech by Prof.T.Gobi Department of Civil Engineering. Mr.S.Karaiadiselman, Managing Director, CADD Centre . delivered a speech about Innovate Minds In Engineering Design. Sessions will be handled by Experts from Industries and Reputed Institutions and they delivered lecture on the following topics

- ❖ Computer-aided design (CAD) and manufacturing (CAM)
- ❖ Styling
- ❖ Conceptual design
- ❖ Product design and development
- ❖ System modeling and simulation
- ❖ Tool and fixture design
- ❖ Re-engineering
- ❖ Design optimization
- ❖ Computer-aided engineering (CAE)

15 MARCH 2024

Organized
by
DEPARTMENT OF CIVIL
ENGINEERING

GANESH COLLEGE OF
ENGINEERING
SALEM

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moulding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Civil Engineering was started in the year 2011. It is affiliated to Anna University, Chennai. The four year under graduate programme B.E. in civil is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology.

The students are provided with various opportunities to develop their professionalism, life-long learning skill, and team-work and communication skill. Students are encouraged to come up with their own ideas which are materialized by the department into actual projects with societal impact. The students are also encouraged to publish their research articles based on the projects undertaken. The rigorous training that the students undergo makes them worthy professionals with mental ability and technical skill sets sought after by the Structural Industry.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

Abstract Format: MS-Word, Times New Roman, Font 12, single line spacing, 300 words, key words (5-6).

REPORT ON

SUSTAINABLE DEVELOPMENT AND INFRASTRUCTURE

Date: 16/03/2024

This Seminar was organized by IQAC, Ganesh College of Engineering on 15.03.2024 at 10.45am. Dr.K.Prakash M.E, Ph.D, Professor, Muthayammal Engineering College, Rasipuram delivered a speech on Sustainable Development And Infrastructure and explained about The concept of sustainable infrastructure refers to equipment and systems that are designed to meet the population's essential service needs including roads, bridges, telephone pylons, hydroelectric power stations, etc.

The program was conducted for the students and faculty members to attain Technical Knowledge which helps to develop their skills.

By this program the participants are able to develop skills depends upon technology and innovation, a tremendous opportunity to know and understand about innovative skills, taking into consideration disruptive technologies.

Students are encouraged to come up with their own ideas which are materialized by the department into actual projects with societal impact.

ABOUT THE WORKSHOP

A "3D Printing and Additive Manufacturing" workshop is a training session designed to introduce participants to the technology of 3D printing, also known as additive manufacturing, and how it can be applied in various manufacturing processes, allowing them to learn hands-on how to create physical

objects from digital designs using a 3D printer, covering aspects

like CAD modeling, slicing software, material selection, and operating the printer to produce prototypes or functional parts.

REGISTRATION FEES

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.300/-

REPORT ON

THREE DAYS WORKSHOP ON 3D PRINTING AND ADDITIVE MANUFACTURING

The Session was started with a welcome speech by Prof.T.Gobi, Professor, Dept of Civil Engineering. Mr.R.RAGUNATHAN, Managing Director, Business Development Consultant, Trainer & Speaker, delivered a speech about 3D Printing & Additive Manufacturing, Sessions will be handled by Experts from Industries and Reputed Institutions and they delivered lecture on the following topics

DAY 01

- ❖ Introduction Additive Manufacturing & 3D Printing Technology,
- ❖ Various Types of Industrial 3D printers,

DAY 02

- ❖ Hands-on training on 3D Designing and Slicing,
- ❖ Demos of 3D Scanning Devices,
- ❖ About FDM 3D Printers,

DAY 03

- ❖ Live Demo on Prototype 3D printing,
- ❖ Model Preparation.

ONE DAY SEMINAR ON SUPPLY CHAIN OPTIMIZATION WITH SIMULATION AND AI

on

17th August, 2023@ 10.45 am.

Organized
by

DEPARTMENT OF COMPUTER
SCIENCE AND ENGINEERING

GANESH COLLEGE OF ENGINEERING
Approved by AICTE, New Delhi &
Affiliated to Anna University, Chennai.

Salem.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career molding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have

the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was started in the year 2011, it is affiliated to Anna University, Chennai. The four year under graduate programme B.E. in Computer Science is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

ABOUT THE SEMINAR

AI in supply chains can deliver the powerful optimization capabilities required for more

accurate capacity planning improved demand

forecasting, enhanced productivity, lower supply chain costs, and greater output, all while fostering safer working conditions.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

ONE DAY WORKSHOP ON
IMPLEMENTING
HANDWRITING
RECOGNITION WITH LSTM
NEURAL NETWORKS.
25th October, 2023@ 10.45 am.

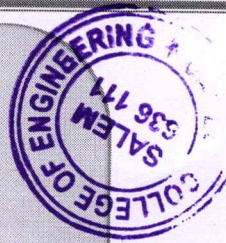

Organized
by

DEPARTMENT OF COMPUTER
SCIENCE AND ENGINEERING

GANESH COLLEGE OF ENGINEERING
Approved by AICTE, New Delhi &
Affiliated to Anna University, Chennai.
Salem.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career molding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have

the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was started in the year 2011, it is affiliated to Anna University, Chennai. The four year under graduate programme B.E. in Computer Science is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

ABOUT THE WORKSHOP

Handwriting recognition is a technique which is used to produce machine readable text from a given text image. The hand written text is

Characters are usually recognized with Optical Character Recognition (OCR) scanners. But with the large usage of mobile phones, detecting text from mobile camera has plenty of applications such as medical script processing.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs. 100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

Abstract Format: MS-Word, Times New Roman, Font 12, single line spacing, 300 words, key words (5-6).

ONE DAY SEMINAR ON
GROVER'S ALGORITHM
FOR DATABASE SEARCH

19th February, 2024@ 10.45 am.

Organized
by

DEPARTMENT OF COMPUTER
SCIENCE AND ENGINEERING

GANESH COLLEGE OF ENGINEERING
Approved by AICTE, New Delhi &
Affiliated to Anna University, Chennai.
Salem.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career molding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have

the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was started in the year 2011, it is affiliated to Anna University, Chennai. The four year under graduate programme B.E. in Computer Science is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

ABOUT THE WORKSHOP

Grover's algorithm is a quantum algorithm that solves the unstructured search problem. In an unstructured search problem, we are given a set of N elements and we want to find a single marked element. A classical computer would

need to search through all N elements in order to find the marked element, which would take time $O(N)$. Grover's algorithm, on the other hand, can find the marked element in time $O(\sqrt{N})$.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs. 100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

Abstract Format: MS-Word, Times New Roman, Font 12, single line spacing, 300 words, key words (5-6).

ENGINEERING

**GANESH COLLEGE OF
ENGINEERING**

Mettupatti, Attur main road,
Salem-636 111

ABOUT THE INSTITUTION

Sri Ganesh Educational and Charitable Trust. Ganesh College of Engineering is a Division of The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moulding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

As part of Ganesh College of Engineering, the Department of Electrical and Electronics Engineering was established in the year 2011 and have well experienced teaching and non-teaching staffs. The department will be offering a 4-years undergraduate program in Electrical and Electronics.

Our department faculties have wider knowledge about the curriculum and teaching methodology. They train the students to get good skill and knowledge. We encourage our students to attend seminar, workshop and conferences online courses Guest Lecturer for their core development. Faculty members are doing in-house research and publishing papers in peer reviewed National and international journals and conferences.

ABOUT THE WORKSHOP

This course aims to teach basic electrical wiring skills and safety as well as skills working with electronic components and circuits. The course outcomes include demonstrating electrical

safety ,identifying tools and materials for wiring ,developing wiring diagrams , Using EDA tools to draw schematics ,assembling and testing circuits on boards ,and

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.150/-
Research Scholars	Rs. 500/-
For On-Spot Registration	Rs. 200/-

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moulding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Electrical And Electronics Engineering Was started in the year 2011.It is affiliated to Anna University, Chennai. The four year under graduate programme B.E. in Electrical and Electronics Engineering is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology.

ABOUT THE WORKSHOP

The primary objective of the PCB Design was to equip students with practical skills in designing printed circuits using the Easy EDA online platform .The Workshop aimed to provide participants with comprehensive understanding of the PCB Design process . To impact the practical knowledge about different types of robots. The main objective of the workshop was to brief the students about the basis of robotics especially manipulator and its latest industrial applications .

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moulding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Electrical and Electronics Engineering was started in the year 2011, it is affiliated to Anna University, Chennai. The four year under graduate programme B.E. in Electrical and Electronics is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology.

It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware

ABOUT THE CONFERENCE

The thermoelectric generator recover useful energy by the function of thermo electric modules which convert waste heat energy in to electricity from automotive exhaust.

The electrical connected thermoelectric modules are operated under temperature. TEGs have various applications such as powering low-power electronics by harvesting waste heat from sources like human body, car exhaust, and industrial machinery.

SALEM,

(Affiliated to ANNA University, Chennai)

NATIONAL LEVEL CONFERENCE

DIGITAL SIGNAL PROCESSING

20th March 2023

Organized by

DEPARTMENT OF ECE

Website: www.ganeshenggcollege.org

Dear Sir/Madam,

We cordially invite you to the National Conference on the **Digital Signal Processing** our college campus. We seek your august presence and participation in the conference and imbibe its essence.

Our Identity

The Ganesh College of Engineering in a sprawling and sylvan campus of 10 acres is the realization of the dream.

Vision: To be an Institution of excellence in Engineering and to impart high quality Education and Training to its students to

make them World-class competent and ethical Engineering professionals with a concern for the society.

- **Mission:** The Institution strives to offer value based education to the students with latest technology.
- To promote them professionally and technically qualified.
- To provide right ambience and opportunities for the students with Industry Institution interactions.
- To develop into creative, talented and globally competent professionals.
- To promote research and development in Engineering and Technology for the benefit of the society.
- To inculcate ethical values among the faculties and the students.

About the Conference

The objectives of the conference are to.

- The conference strives to bridge the gap between Industry, Academia and Researchers with emerging technologies.

➤ The conference provides a forum for the Researchers, Industry Professionals, Academicians and Students to discover and publish their innovative solutions for real time problems.

➤ It covers all the advanced techniques in the areas of Electrical & Electronics, Wireless Communication, Network Security, Cyber Security, Artificial Intelligence, Data Science, Big data Analytics and Information Systems.

Guidelines for participants

The abstract of the paper should be around 200 words. The abstract and registration form along with registration fee and full paper should reach to the on or before 20th March 2023. Abstract and full paper can be sent by email.

Email: gceecedpt10@gmail.com

Font Style : Times New Roman (Eng)/
Bamini (Tamil)

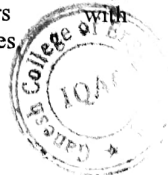

Size : 12

Line Space : 1.5

Paper Size : A4

Paper should not exceed 5 pages.

Note: Selected papers will be published with ISBN number

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moldings of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering was started in the year 2011, it is affiliated to Anna University, Chennai. The four year under graduate Programme B.E. in Electronics and communication is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology.

It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

The students are provided with various opportunities to develop their professionalism, life-long learning skill, and team-work and communication skill. Students are encouraged to come up with their own ideas which are materialized by the department into actual projects with societal impact.

ABOUT THE SEMINAR

Everyone is aware of their five basic senses, seeing, feeling, smelling, hearing and tasting. What everyone is not so well aware of is their sixth

REGISTRATION

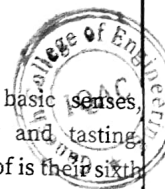

The interested participants can send the irregistration form and registration fee by DD drawn in favor of "The HOD" payable at Salem to the program Organizing Secretary on or before, 6 Aug 2017. Spot registration may also be permitted on prior request. Registration fee covers Seminar kit, Working lunch and Refreshments.

Category	Registration
Students(UG and PG)	Rs.150/-
Research Scholars	Rs.300/-
Academicians ,Scientists	Rs.500/-
For On-Spot Registration	Rs.500/-

Abstract Format: MS-Word, Times New Roman ,Font 12, single line spacing, 300 words, key words(5-6).

REPORT ON

ONE DAY SEMINAR ON IDEA HACKATHON 2023 ON 11th OCTOBER , 2023

DATE: 11-10-2023

This Seminar was organized by IQAC, Ganesh college of Engineering on 11.10.2023 at 10.15 am. **Mr. Mohan Rajangam**, Project Associate, Startup TN Salem Regional Hub, Salem, delivered a speech on IDEA HACKATHON 2023

The program was conducted for the students and faculty members to attain Technical Knowledge which helps to develop their skills.

The students participating in "IDEA HACKATHON 2023" will have the following benefits: students practice their skills with Real-life problems. Students have Network and knowledge Exchange between peers. Students meet experienced Mentors to Acquire Industrial Knowledge. Students know more about new Technologies. Students get awards for the Innovative ideas.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moulding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

As part of Ganesh College of Engineering, the Department of Mechanical Engineering was established in the year 2011 and have well experienced teaching and non-teaching staffs. The department will be offering a 4-years undergraduate program (B.E) in Mechanical Engineering (MECH). Our department faculties have wider knowledge about the curriculum and teaching methodology. They train the students to get good skill and knowledge. We encourage our students to attend seminar, workshop and conferences online courses Guest Lecturer for their core development.

ABOUT THE WORKSHOP

A mindset and approach within the engineering field where individuals actively seek to generate creative and groundbreaking solutions to design challenges by thinking outside the box, utilizing new technologies, and embracing innovative practices to develop superior products and systems, often pushing the

boundaries of what is currently considered possible.

REGISTRATION FEES

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.300/-
Research Scholars	Rs. 500/-
Academicians, Scientists	Rs. 650/-

REPORT ON

ONE DAY WORKSHOP ON INNOVATE MINDS IN ENGINEERING DESIGN

The Session was started with a welcome speech by Dr. N.Senthilkumar, Director-IQAC, professor, Dept of Mechanical Engineering. Mr.S.Karaiadiselman, Managing Director, CADD Centre, delivered a speech about Innovate Minds In Engineering Design.

Sessions will be handled by Experts from Industries and Reputed Institutions and they delivered lecture on the following topics

- ❖ Computer-aided design (CAD) and manufacturing (CAM)
- ❖ Styling
- ❖ Conceptual design
- ❖ Product design and development
- ❖ System modeling and simulation
- ❖ Tool and fixture design
- ❖ Re-engineering
- ❖ Design optimization
- ❖ Computer-aided engineering (CAE)

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career Moulding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

As part of Ganesh College of Engineering, the Department of Mechanical Engineering was established in the year 2011 and have well experienced teaching and non-teaching staffs. The department will be offering a 4-years undergraduate program (B.E) in Mechanical Engineering(MECH). Our department faculties have wider knowledge about the curriculum and teaching methodology. They train the students to get good skill and knowledge. We encourage our students to attend seminar, workshop and conferences online courses Guest Lecturer for their core development.

ABOUT THE SEMINAR

A seminar on "Conceptual Product Design and Development in the Current Industrial Scenario" would focus on the process of creating new product ideas, from initial concept generation to detailed design, while considering the latest trends and challenges within today's manufacturing landscape, including emerging technologies, sustainability concerns, and rapidly evolving consumer

needs; essentially, it would explore how to design innovative products that are both market-relevant and feasible to produce in the current industrial environment.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs. 100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

REPORT ON
ONE DAY SEMINAR ON CONCEPTUAL PRODUCT DESIGN AND DEVELOPMENT
IN CURRENT INDUSTRIAL SCENARIO ON 18th MARCH 2024

DATE: 18-03-2024

This Seminar was organized by IQAC, Ganesh college of Engineering on 18.03.2024 at 10.15 am. **Mr. K. GOKUL** . Application Engineer, Institute of Engineering Design, Salem .delivered a speech on conceptual product design and development in current industrial scenario.

. The program was conducted for the students and faculty members to attain Technical Knowledge which helps to develop their skills.

The students participating in “CONCEPTUAL PRODUCT DESIGN AND DEVELOPMENT IN CURRENT INDUSTRIAL SCENARIO” will have the following benefits: the current industrial scenario refers to the initial, creative phase of designing a new product, where the focus is on generating innovative ideas, exploring potential solutions to a problem, and visualizing the core functionalities of a product before moving into detailed engineering and production, often utilizing digital tools and methodologies to rapidly iterate and evaluate concepts, all while considering current market trends, technological advancements, and consumer needs.

ABOUT THE WORKSHOP

A "3D Printing and Additive Manufacturing" workshop is a training session designed to introduce participants to the technology of 3D printing, also known as additive manufacturing, and how it can be applied in various manufacturing processes, allowing them to learn hands-on how to create physical

objects from digital designs using a 3D printer, covering aspects

like CAD modeling, slicing software, material selection, and operating the printer to produce prototypes or functional parts.

REGISTRATION FEES

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.300/-

REPORT ON
THREE DAYS WORKSHOP ON 3D PRINTING AND
ADDITIVE MANUFACTURING

The Session was started with a welcome speech by Dr. N.Senthilkumar, Director-IQAC, professor, Dept of Mechanical Engineering. Mr.R.RAGUNATHAN, Managing Director, Business Development Consultant, Trainer & Speaker, delivered a speech about 3D Printing & Additive Manufacturing,

Sessions will be handled by Experts from Industries and Reputed Institutions and they delivered lecture on the following topics

DAY 01

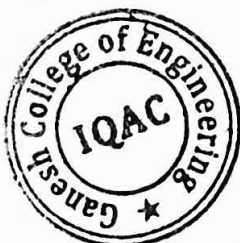

- ❖ Introduction Additive Manufacturing & 3D Printing Technology,
- ❖ Various Types of Industrial 3D printers,

DAY 02

- ❖ Hands-on training on 3D Designing and Slicing,
- ❖ Demos of 3D Scanning Devices,
- ❖ About FDM 3D Printers,

DAY 03

- ❖ Live Demo on Prototype 3D printing,
- ❖ Model Preparation.

A. Divya
 Co-ordinator

REGISTRATION FORM

ONE DAY SEMINAR ON "COMPARATIVE ANALYSIS OF CONVOLUTIONAL NEURAL NETWORKS (CNN) ARCHITECTURES FOR IMAGE CLASSIFICATION"

On
4th August, 2023@ 10.30 am.

ONE DAY SEMINAR ON
"COMPARATIVE
ANALYSIS OF
CONVOLUTIONAL
NEURAL NETWORKS
(CNN)
ARCHITECTURES FOR
IMAGE
CLASSIFICATION"

on
4th August, 2023@ 10.30 am.

Organized
by

DEPARTMENT OF ARTIFICIAL
INTELLIGENCE AND DATA SCIENCE

GANESH COLLEGE OF ENGINEERING
Approved by AICTE, New Delhi
Affiliated to Anna University, Chennai.
Salem.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career molding of students.

ABOUT THE

The Department of Artificial Intelligence and Data Science was started in the year 2022, it is affiliated to Anna University, Chennai. The four year under graduate programme B.Tech. in artificial intelligence and data science is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

ABOUT THE SEMINAR

Convolution neural network (CNN) is one of the best neural networks for classification, segmentation, natural language processing (NLP), and video processing. The CNN consists of multiple

layers of structural parameters. The

architecture of CNN can be divided into three sections: convolution layers, pooling layers, and fully connected layers.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

Abstract Format: MS-Word, Times New Roman, Font 12, single line spacing, 300 words, key words (5-6).

ONE DAY WORKSHOP
ON "SENTIMENT
ANALYSIS USING
LSTM NETWORKS"

on
26th October, 2023@ 10.30 am.

Organized
by

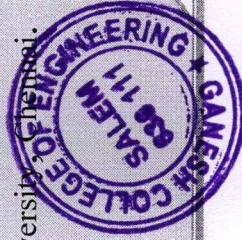

DEPARTMENT OF ARTIFICIAL
INTELLIGENCE AND DATA SCIENCE

GANESH COLLEGE OF ENGINEERING
Approved by AICTE, New Delhi &

Affiliated to Anna University, Chennai.
Salem.

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career molding of students. To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have

the quest for excellence, achievement orientation and social responsibilities.

The Department of Artificial Intelligence and Data Science was started in the year 2022, it is affiliated to Anna University, Chennai. The four year undergraduate programme B.Tech. in artificial intelligence and data science is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

Sentiment Analysis is a powerful application of Natural Language Processing (NLP) that identifies the emotional tone of text. Classifying

text into positive, negative, or neutral sentiments, from social media monitoring to market research, serves various industries. This article demonstrates how to perform sentiment analysis on IMDB movie reviews using Long-Short-Term Memory (LSTM) networks.

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs. 100/-

ONE DAY SEMINAR ON
"DOCKER
CONTAINERIZATION
FOR DEPLOYMENT OF
CLOUD-NATIVE
APPLICATIONS"

20th February, 2024@ 10.45 am.

Organized
by

DEPARTMENT OF ARTIFICIAL
INTELLIGENCE AND DATA SCIENCE

GANESH COLLEGE OF ENGINEERING
Approved by AICTE, New Delhi &
Affiliated to Anna University, Chennai.
Salem.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career molding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Artificial Intelligence and Data Science was started in the year 2022, it is affiliated to Anna University, Chennai. The four year under graduate programme B.Tech. in artificial intelligence and data science is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

ABOUT THE SEMINAR

Docker is a software platform used for building, testing, and deploying applications quickly. It packages software codes into units called containers. Docker has a collaboration with AWS which allows developers to build a product that

IS LOW-COST, highly scalable, and scalable while at the same time increasing the delivery speed of apps to the cloud at any scale.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs. 100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

Abstract Format: MS-Word, Times New Roman, Font 12, single line spacing, 300 words, key words (5-6).

ONE DAY SEMINAR ON SIMULATION OF WIRELESS SENSOR NETWORKS FOR SMART AGRICULTURE

10th August, 2023@ 10.45

Organized
by

DEPARTMENT OF INFORMATION
TECHNOLOGY

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career molding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have

the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Information Technology was started in the year 2022, it is affiliated to Anna University, Chennai. The four year under graduate programme B.Tech in Information Technology is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

ABOUT THE WORKSHOP

The advent of Wireless Sensor Networks (WSNs) spurred a new direction of research in agricultural and farming domain.

10 In recent times, WSNs are widely applied in various agricultural applications. In this paper, we review the potential WSN and the specific issues and challenges associated with deploying WSNs for improved farming.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs. 100/-

the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Information Technology was started in the year 2022, it is affiliated to Anna University, Chennai. The four year under graduate programme B.Tech in Information Technology is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the tudents.

ABOUT THE SEMINAR

This work aims to increase the quality and productivity of the Wheat crops and minimize the extensive field visits of the farmers. This system enables precision agriculture by periodically measuring the three most key parameters (temperature, light, and water level) for achieving a remarkable increase in quality, productivity and growth of the Wheat crops. Thus, this system helps the agriculturists.

ONE DAY SEMINAR ON COMPUTER VISION FOR AUTOMATED VISUAL INSPECTION IN MANUFACTURING

21st February, 2024@ 10.45

Organized
by

DEPARTMENT OF INFORMATION
TECHNOLOGY

GANESH COLLEGE OF ENGINEERING
Approved by AICTE, New Delhi
Affiliated to Anna University,
Salem.

ABOUT THE INSTITUTION

Ganesh College of Engineering is a Division of Sri Ganesh Educational and Charitable Trust. The aim of the GCE is to provide quality Technical Education in order to develop a Good Talented Skills for employability to succeed in the National and International Companies. In the fast-changing global educational scenario, applying technology-driven, value-based learning is a challenge.

Most of the promoters have rich experience in Teaching, Research and Administration of Engineering Institutions with National and International Exposure. The composition of the team itself is a testimony to the Quality of Education offered at GCE. Most of the promoters themselves directly engage in teaching and career molding of students.

To be a world class institution to impart value and need based professional education to the aspiring youth and carving them into disciplined world class professionals who have

the quest for excellence, achievement orientation and social responsibilities.

ABOUT THE DEPARTMENT

The Department of Information Technology was started in the year 2022, it is affiliated to Anna University, Chennai. The four year under graduate programme B.Tech in Information Technology is intended to train the students in both advanced areas in the core courses and specialized topics in the emerging technology. It has excellent infrastructure and facilities for the students. It is the endeavor of the management to periodically migrate to the latest software and hardware to keep pace with ever changing needs with the society and industries so that our students come out with latest knowledge in both software and hardware.

ABOUT THE WORKSHOP

To understand the strengths of an automated visual inspection (AVI) system, let's compare it to its predecessor, an automated optical

inspection (AOI) system. AOI systems use machine vision technology and high-resolution optical cameras that capture visual information. This data is then compared to the template (an image of a particular non-defective item in perfect condition) for anomaly detection.

REGISTRATION

The interested participants can spot register and the registration fee covers refreshments.

Category	Registration
Students (UG and PG)	Rs.100/-
Research Scholars	Rs. 300/-
Academicians, Scientists	Rs. 300/-
For On-Spot Registration	Rs. 200/-

Abstract Format: MS-Word, Times New Roman, Font 12, single line spacing, 300 words, key words (5-6).
